

Description

ADMA 10 amine, decyldimethylamine, is typically used as an intermediate in the manufacture of quaternary ammonium compounds. This product is a clear liquid at room temperature and has the characteristic odor of fatty amines.

Physical Properties

Alkyl distribution, wt %	
C ₈ and lower	0.1
C ₁₀	99.3
C ₁₂ and higher	0.5
Tertiary amine, wt %	99.0
Primary and secondary amine, wt %	< 0.1
Water, wt%	< 0.1
Amine value, mg KOH/g	299.6
Color, APHA	5
Specific gravity, 25 °C / 25 °C	0.778
Freezing point, °C	-35
Flash point, tag closed cup, °F (°C)	207 (97)
Appearance	clear liquid

Specifications

Alkyl distribution, wt %	
C ₈ , max	2.0
C ₁₀ , min	97.0
C ₁₂ and higher, max	2.0
Tertiary amine, wt %, min	97.0
Primary and secondary amine, wt %, max	0.3
Water, wt%, max	0.2
Color, APHA, max	30.0

Shipping Information

Storage and Availability

ADMA 10 amine can be stored in carbon steel vessels. Precautions should be taken to avoid contact with moisture, carbon dioxide and copper compounds. To prevent discoloration, air and moisture should be excluded from storage tanks by blanketing with a dry, inert gas such as nitrogen.

Shipments are made in tank cars, stainless steel tank trucks and new lined 55-gallon steel tighthhead non-returnable drums.

Shipping Classifications

Proper shipping name:	Alkylamines, N.O.S. (alkyldimethylamine)
Hazard class:	8 (corrosive material)
ID number:	UN2735
Placard(s):	corrosive
Label(s):	corrosive

Safety and Handling Information

ADMA 10 amine, like other tertiary amines, is an organic base and should be treated with caution. Observe good industrial hygiene and safe working practices. Avoid ingestion. Avoid contact with eyes, skin and clothing by wearing protective gloves and goggles. Wash thoroughly after handling. In case of ingestion, get immediate medical attention. In case of contact with eyes, immediately flush eyes with water for at least 15 minutes and get medical attention. In case of contact with skin, immediately wash with soap and water. Contaminated clothing should not be reused for any purpose.

For specific information on the safe handling and toxicity of this product, please refer to the Material Data Sheet that is available upon request.
